Photography In The SAC

Hello everyone,

My name is Len Grinke, and I'm delighted to introduce myself as the new Photo Club Leader of the West Van Seniors' Photographic Club (WVSPC). I officially stepped into the role on July 20th and have been spending the past few weeks learning the ropes, getting to know the club, and putting together what I hope will be an engaging and enjoyable fall season for all of us.

Many of you already know me, but for those I haven't had the pleasure of meeting, here's a little about my background. Photography has been a major part of my life for many years. I joined the Professional Photographers of Canada in 1986, and over the years I have earned my Master of Photographic Arts designation through the PPOC, along with four national accreditations and National Judge certification. Most of my career has been spent as a freelance photographer—a role I continue to enjoy today—although I have also spent some time working within the retail side of the photographic industry.

I'm excited to be part of this wonderful club and look forward to meeting more of you, sharing our passion for photography, and seeing the creative and inspiring images that will be produced in the months ahead.
